Sumapaz

#NuevoEsquemaDeAseo

¿Quién recoge la basura?

Los prestadores del nuevo sistema de aseo son: Promoambiental, LIME S.A, Ciudad Limpia, Bogotá Limpia y Área Limpia.

Están distribuidas en 5 ASE (Área de Servicio Exclusivo) que agrupan a las localidades y permiten realizar la recolección de los residuos en el 100% de Bogotá y Sumapaz.

The Company is created...

The supervision is contracted

With the leadership of...

- General Direction
- Technology Office
- Cleaning, Sweeping and Collecting Subdirection
- Exploitation Subdirection
- Innovation

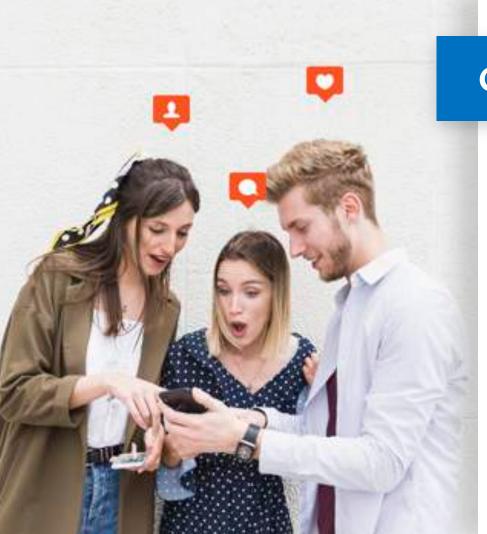

CHALLENGES

Digital citizen of today

Citizen-driven information management

 New waste management scheme enabled with technology

The new waste management scheme has as a backbone the management of data and information

Bogota waste Management System

https://www.sigab.gov.co

AN INNOVATIVE APPROACH

DISTRICT GOVERNMENT

- Establish game rules
- Define high-level technological architecture
- Fullfill its structuring role
- Set incentives
- Promote its use

THE CONCESSIONARIES

- Build detailled solution architecture
- Reuse specific components
- Develop SIGAB
- Create coordination mechanisms
- Innovate and improve continuously

CITIZENS

- Take advantage of digital media
- Interact for improvement
- Create culture and give example

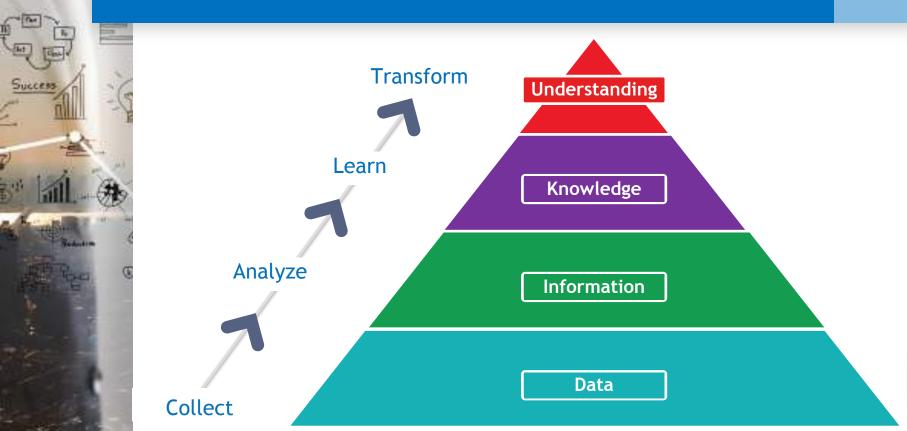

INFORMATION STRATEGIC VALUE

ACHIEVEMENTS

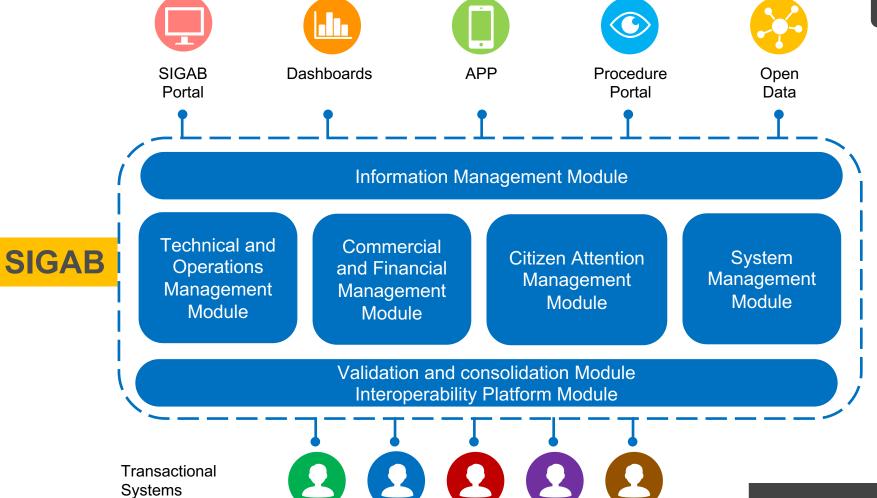

The information is integrated, standardized, delivered timely and in real time to support decision making for the administration of the City

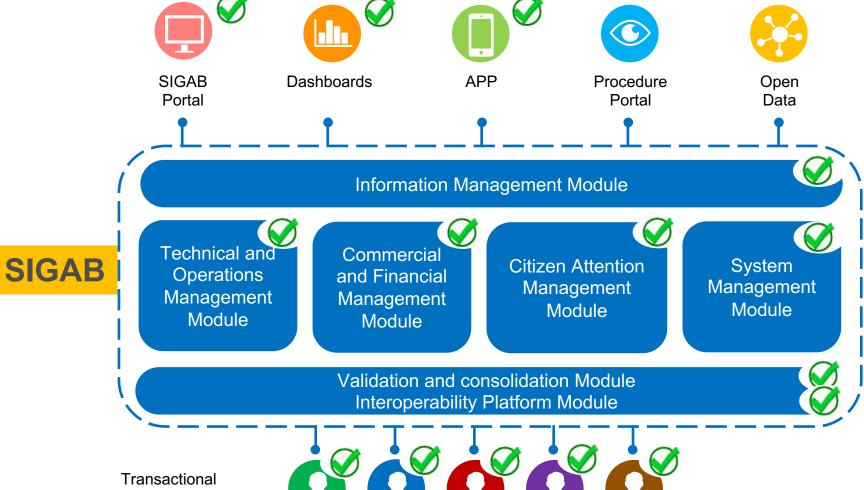

Optimization of routes, costs and quality in the service

The UAESP and the auditor have the opportune and complete information to facilitate its management

The citizen is informed and has mechanisms to interact with the actors of the new waste management scheme
