Explore.Porto.pt
Explore.Porto is a new service created by the municipality to challenge citizens and visitors to know and explore the city.

It aims to provide information on points of interest and mobility solutions (bus stops) through a web application and signaling devices - points - spread throughout the city.

A citizen, or visitor, equipped with a smartphone can instantly get information on the place where he/she is standing and its surroundings, as well as the best route to get anywhere.
From point A to point B.

Now you can explore the city in a unique way, plan your route, have full access to real-time information on public transportation, and get detailed information about the main points of interest. You can also check alerts about temporary changes to normal operations.
The high point of your days.

From home to the office, stopping for lunch with friends or walking through one of our beautiful gardens to take that photo for your Instagram. Your favorite points at your fingertips.
The strong points in the city.

Torre dos Clérigos, Museu de Serralves or the place with the best francesinha in town. Discover the history and the timetables to all Porto’s points of interest: from the most well-known to the best hidden and secret places.
One point, all the city.

Find the points spread all over town, scan the QR Code with your smartphone, and discover all the information about the city in just one place.
Descrição
Durante os fins de semana de novembro, a Igreja do Carmo apenas celebrará a missa das 09h30. Igreja construída na segunda metade do século XVIII, é um dos edifícios mais notáveis do rococó português, tanto na arquitetura como na talha que lhe molda o interior. A sua fachada lateral fechada em 1912 com um painel de azulejos, onde estão pintados desenhos da autoria de Silvestre Silvestri. São composições figurativas alusivas ao culto de Nossa Senhora. Edifício classificado como Património Mundial pela UNESCO.
A point for the future.

Explore Porto will be in continuous evolution and here you can find the future updates.

- Add train schedule from Comboios de Portugal.
- Add all the Andante zones.
- Add sharing scooters and bicycles (Parking spots and vehicle availability).
- Expand the network to the Porto Metropolitan Area
- Add space occupation (Points of interest, parks, etc.) in real time.

Points
How do they work?

These blue devices will be installed at reference points of interest and at bus stops. These are the Points.

A user can interact with the Point through 2 technologies: NFC and QR code.

Using a smartphone and through a QR code scan or reading the NFC tag, the Point will transmit a link to the smartphone that connects to Explore Porto at the Point's location.
